Materials:

Mirror with Decorative Hardware and Posts are constructed of zinc alloy.

Dimensions:

Installation Instructions:

Directions below are for installation into drywall. If installing product into a stud, use the wood screws and washers provided only.

1. Remove the mounting bracket from the body by loosening the set screw.
2. Position the mounting template on the wall in the desired location. Using a level, align the template and tape it to the wall.
3. Drill 1/2" pilot holes in marked location, remove template from wall.
4. Place mounting bracket over holes, align and trace both parts.
5. Attach mounting bracket to wall using anchors in predrilled pilot holes.
6. Unscrew plastic nut from end post.
7. With the back of the mirror facing you, slide both end posts into position on the mirror. Align the screw with the hole in the mirror.
8. Thread on plastic nut and hand tighten.
9. Place each post over the mounting bracket with setscrew down. Tighten both setscrews.

Cleaning Instructions:

To preserve the fine finish of this product, clean only with a soft damp cloth. Dry well. Do not use commercial or abrasive cleaners.
