MOEN® The Host™ Series SPECIFICATIONS

Description

The Host™ Series is designed for homeowners who love entertaining and want cleanup to be a breeze. Built with a streamlined design and a powerful, high-speed motor, The Host Series EX75C disposes of foods like small fruit pits, lemon rinds, banana peels, small bones, and cooked meats quickly and with less noise. Plus, the 360° Clean Rinse rinses waste more thoroughly to eliminate odors for a fresher kitchen. The disposal installs easily on most existing 3-bolt assemblies and is backed by a 10-year limited warranty with in-home service.

Product Features

- SoundSHIELD™ technology provides sound-deadening insulation for a quieter experience.
- Exclusive 360° Clean Rinse eliminates odors by rinsing away food scraps more effectively.
- Easy-lift installation system allows for simple, quick connection and enhanced comfort when under the sink by allowing one hand to mount the hardware while the other provides support for the disposal.
- Includes the Moen FAST TRACK™ system for quicker installation.
- Fits most existing assemblies, including the InSinkErator® brand.
- ¾ horsepower disposal provides fast, powerful grinding of everyday food scraps.
- VORTEX ™ motor provides fast, powerful grinding which helps reduce jamming.
- Continuous feed technology with stainless steel and galvanized components.
- Comes with a pre-installed removable power cord that is easy to remove for optional hardwiring. A savings over models where cordmust be purchased separately.
- Sloped dishwasher inlet allows for more efficient drainage.

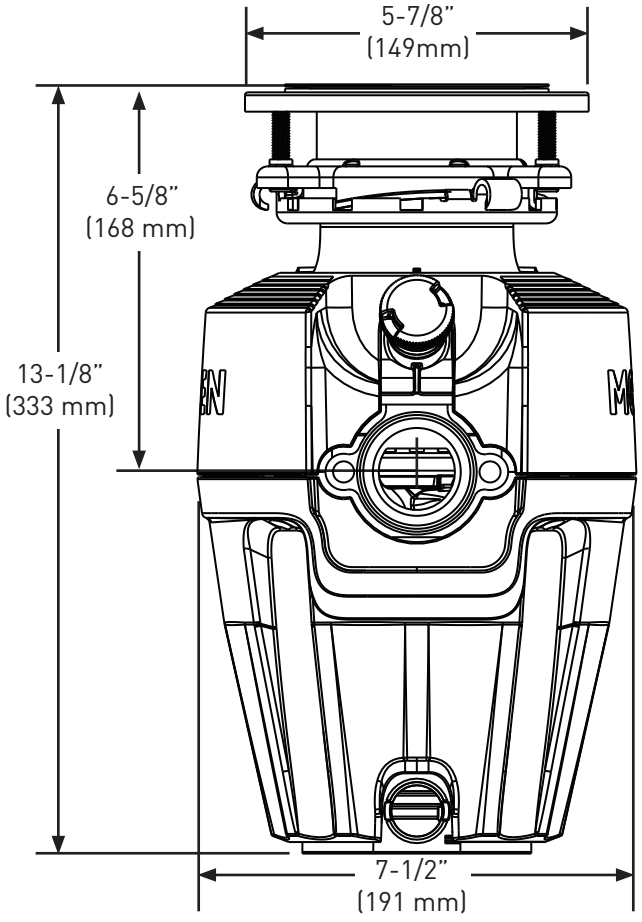

Warranty & Assurance

- 10 year limited warranty with in-home service
- Safe for use with properly sized septic systems
- Disposals reduce waste sent to landfills, making them a more sustainable option for your home.

Model: EX75C

***NOTE: Distance from bottom of the sink to center line of disposal discharge. Add 1/2" (13 mm) when a stainless steel sink is used.**
