

Technical Specification

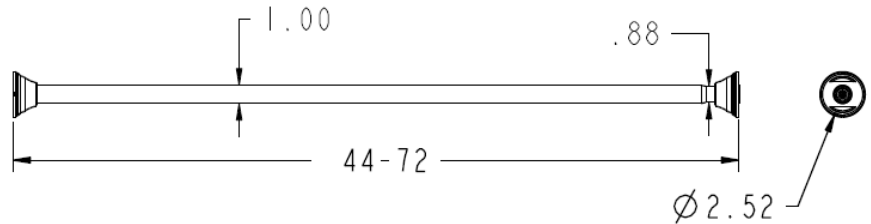

Decorative Tension Rod

TR1002

Stock Numbers:

- TR1002CH – Decorative Tension Rod
Chrome Finish

Dimensions:

Materials:

Rod is constructed of 201 Stainless Steel. **Decorative Covers** are constructed of 430 Stainless Steel.

Installation Instructions:

1. Place one side of the tension rod at the desired height in the tub enclosure or wall.
2. Expand the rod out to the other side of the tub enclosure or wall.
3. While holding the larger sized rod, twist the smaller sized rod clockwise until it is firmly locked into position on the wall.

Cleaning Instructions:

To preserve the fine finish of this product, clean only with a soft damp cloth. Dry well. Do not use commercial or abrasive cleaners.
